

Class 1
Subject: Science
Topic: Clean and
green surroundings

Edit with WPS Office

Clean Surroundings

: We should keep our surroundings clean and tidy. We should throw waste in the dustbin.

In a room, things should be kept in their proper places. A clean room makes it easier for you to find things when you need them.

Green Surroundings

: Plants give us fresh air to breathe. They also give us cool wind and shade during summer.

Keep your surroundings clean:

1. Do not litter.
2. Throw waste in dustbin.
3. Plant more trees.
